Munich is a very watery city, it seems. The Isar river is at the heart and feeds some very decorative canals, and there are fountains everywhere. The pinnacle has to be the wave surfing in the English Gardens, however, as these guys demonstrate. We saw this as part of a cycle tour of Munich (with Mike's Bike Tours - highly recommended). Our guide said that after four hours of palaces, grand squares, museums and history, we would remember three things: the wave surfing, the beer garden (world's second largest - 7,000 seats) and the nudist park in one part of the English Gardens. He was right! — with [Bruce Ryan](#) at [VI VADI HOTEL](#).
